06.12.2010r.

Dear Sony,

Our University heard about special version of Play Station 3 SDK based on Academic license.
We are very interesting in graphical technology connected with new next-generation consoles.
We want that all our students passionate with 3D graphics to have ability to learn how to develop 3D graphical games with PS3 console. Please let us know how to get that PS3 SDK.
We are waiting for response…

Best regards,
Warsaw University of Technology.
Associate Professor Doctor Engineer Dariusz Sawicki (dariusz.sawicki@ee.pw.edu.pl)
